

Warm yourself up with the quintessential taste of the classic Canadian brew...

Double Up Coffee Milk Stout

This “beer latte” is the perfect blend of creamy coffee & espresso flavours.

Rich coffee flavour adds dimension, depth & character to a traditional stout.

This is a true “cold brew” that awakens your senses.

- Dark-roasted coffee notes
- Just the right amount of sweetness
- Brewed with roasted malts, natural coffee & lactose for a subtle sweetness, full-bodied character

Canadians LOVE the flavour of coffee!

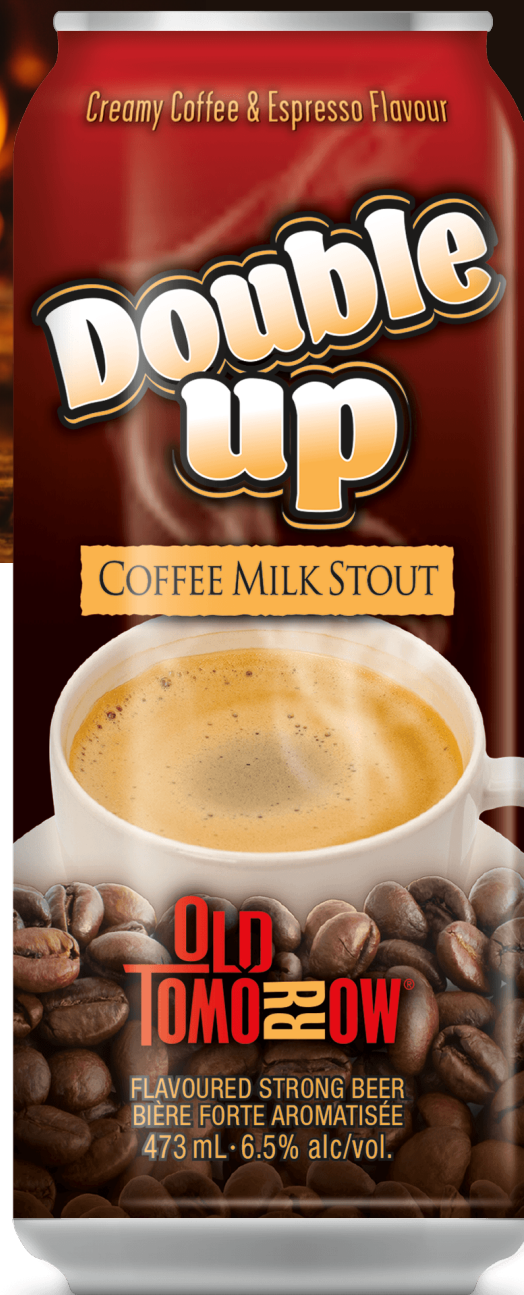

- Canada #1 on litres gulped per capita & #3 for the total amount of coffee consumed.
[Source: CBC Report]
- Millennials & Gen Z drinkers now clamouring for new coffee-flavoured beverages & beers.
[Source: DrinkRipples.com, a leading beverage marketing firm]

A comfort beer for sipping anytime.

Coffee aroma stimulates the senses. Creamy texture caresses the tongue.

More Value – Higher alcohol & lower price than most stouts.

Pairs best with tuques, gloves, and Jack Frost nipping at your nose!

PRODUCT DETAILS

Alcohol:	6.5%
IBUs:	16
Availability:	LCBO & Grocery
Serving Suggestions:	Great sipping beer and lower alcohol alternative to cognac, brandies & liqueurs. Pairs well with robust cold weather fare like roasted meats, BBQ or baked beans, beef pot pie, saucy pork dishes, macaroni & cheese and other pastas, meatloaf & shepherd's pie. Serve as a dessert beverage over ice cream or with chocolate, desserts & stronger cheeses.
