Serving Suggestions:

Incredibly versatile with all of the bounties of summer.

- **Contrasts** perfectly with saucy BBQ'ed meats especially smoked ribs and BBQ'ed chicken. Ideal with spicy dishes like curries and Asian fare.
- **Complements** delicate flavours of grilled salmon and white fish as the tartness helps accentuate the grilled smoky flavour without overpowering the fish. Smoked meat sandwiches slathered with mustard will bring out the subtle sweetness. Grilled fruits like pineapple complement the peachy tartness.
- **Cuts** through the richness of heavier, creamier cheeses like Blue and Gorgonzola with the beer's crisp tartness.
